

WISDOM ADHESIVES GREEN BOND SUSTAINABLE ADHESIVE PRODUCT LINES

OVERVIEW

In keeping with its 132 year environmental leadership in the adhesive industry, Wisdom Adhesives has developed adhesive product lines for the use of sustainable adhesive product lines. The new line of adhesive GREEN BOND SUSTAINABLE ADHESIVES (GBSA) and can be used in a wide-range of applications including:

GREEN BOND SUSTAINABLE ADHESIVES (GBSA)

- Packaging
- Laminating
- Glued-Lap
- Book Manufacturing
- Directory & Catalog Binding
- Case-Making
- Puzzle Laminating
- Packaging – Board to Board, Foam/Fabric to Board
- Case Goods
- Speaker Cabinet Manufacturing
- Games & Toys
- File Folder Manufacturing
- Loose Leaf Binders
- Table Pads
- Luggage & Leather Goods

Wisdom GBSA must meet strict criteria for their use and meet the following properties:

- Use of renewable resources in the product formulations
- Products are largely recyclable
- Products provide clean waste streams
- Components are biodegradable
- Reduction in overall energy consumption
- Reduced greenhouse gases
- Overall energy efficient

Future Wisdom R&D Product Developments will use the GBSA approach.
